

Private bathroom in Münsterland

Complete renovation

Reference

Complete bathroom renovation

City

Ibbenbüren, Germany

Year

2019

Project type

Turning 2 rooms into one large bathroom

Requirements

Modern materials which complement one another should be used - from the construction materials through to the surfaces.

Brief description

The completely outdated bathroom should be renovated and since the children have moved out the couple have more space available enabling the bathroom to be extended into a second room.
