Client Sprewelten Bad | Alte Huttung 13 | 03222 Lübbenau/Spreewald

## Requirements

Spreewelten Bad in Lübbenau offers a one-of-a-kind adventure for its visitors: swimming with penguins.

In order to bring people even closer to the animals and to further enhance this unique experience, both the penguin's plunge pool and the visitor's swimming pool were extended.

## Brief description

15 wedi bench systems with a combined length of 145 m were produced for this project. The straight and organic shapes were delivered uncoated to the site, where they got processed by the partner before being turned into 'wooden benches' and 'moss seats' with an airbrushing technique by an artist.
